UET Engineering for ICS years – Complete ECAT Preparation Course

By Tabir Academy

- Complete UET ECAT Preparation Course for ICS Students
- Special focus on Computer Science background students
- Covers all required subjects for Engineering Entry Test (Pakistan)
- Designed for ECAT 2026 aspirants

Tabir Academy

Every Dream has a Tabir!

Presented by: Tabir Academy

Course Overview & Objectives

Complete UET Entry Test Preparation Program

- A structured and comprehensive course for **UET ECAT preparation (ICS group)**
- Designed according to latest ECAT syllabus and exam pattern
- Covers all major subjects:
- Mathematics
- Physics
- Computer Science
- English
- Focus on both concept building and MCQs practice

Objectives:

- Prepare students for high ECAT scores
- Improve problem-solving speed & accuracy
- Provide a complete roadmap for engineering entry test success

Course Features & Learning System

Advanced Learning Methodology

- 🚀 **5x Faster Learning Approach**
- Learn concepts quickly with simplified explanations
- 📚 **Concept Builder System**
- Strong foundation through step-by-step learning
- 🎯 **Mastery Levels (Easy → Medium → Hard)**
- Gradual difficulty for better understanding
- 🔁 **Testing & Re-testing System**
- Practice until mastery is achieved
- 📊 **Performance Tracking Dashboard**
- Monitor progress and identify weak areas

Outcome:

Students become confident, exam-ready, and highly prepared

Detailed Course Content

Subject-wise ECAT Preparation

1. Mathematics (20+ Topics)

- Algebra, Trigonometry, Calculus
- Matrices, Vectors, Probability
- Sequences & Series

2. Physics (22+ Topics)

- Mechanics, Heat & Thermodynamics
- Waves & Oscillations
- Electricity & Magnetism

3. Computer Science (24+ Topics)

- Programming (C Language basics)
- Data Structures & Logic Building
- Databases, Networking, IT Fundamentals

4. English (12+ Topics)

- Grammar & Sentence Structure
- Vocabulary Building
- Synonyms, Antonyms & Comprehension

Benefits for ICS Students

Why This Course is Ideal for You

- Specifically designed for ICS (Computer Science) students
- Focus on **ECAT MCQs practice** with real exam pattern
- Helps improve:
- Speed
- Accuracy
- Time management
- Increases chances of admission in:
- UET Lahore
- Other engineering universities in Pakistan

Additional Benefits:

- Smart study techniques
- Time-saving preparation strategy
- Boost confidence before exam

Complete Course Information & Registration Details

Begin Your ECAT Preparation with a Smart & Structured Approach

- 💻 Access fully online ECAT classes across Pakistan, designed for flexible learning
- 📈 Study anytime, anywhere with a performance tracking system to monitor your progress
- 🎯 Get complete ECAT preparation on a single platform, eliminating the need for multiple resources
- 📖 Learn through a concept-based and exam-focused methodology tailored for ICS students

Course Highlights:

- Affordable fee structure: PKR 3000 (budget-friendly for all students)
- Comprehensive coverage of all **ECAT subjects for ICS group**
- Extensive MCQs practice and mock tests based on real exam patterns
- Step-by-step learning system to improve speed, accuracy, and confidence
